When moving between terminals, use the free shuttle bus or pay a small fare to take the Airport Railroad Express.</li> </ul>
Gimpo Airport (GMP)	<ul style="list-style-type: none"> <li>• Located approximately 14.5 kilometers west of downtown Seoul</li> <li>• This is the closest airport to the city of Seoul with both international and domestic terminals. <b>It operates a limited number of international flights</b> to a few regions including Tokyo and Osaka, Japan and Taipei, Taiwan.
